## experience

### Visual Designer • Jan 2020 to present [Contract]

#### @ Microsoft Azure

Design, iterate on, and deliver SVG icons for 30+ service offerings under Azure cloud products.

Illustrate for empty states, get started patterns, card tiles, etc., using Azure's illustration style.

Design for Azure dark theme and update UI elements to align to Microsoft's Fluent design system.

Establish illustration guidelines and systems to work across multiple Cloud + AI product families.

### Visual Designer • Nov 2019 to Jan 2020 [Contract]

#### @ Likewise, Inc.

Concept, iterate, and execute on digital marketing assets for the product, working within while also stretching the boundaries of the brand system.

Sketch concepts for user interface visuals.

### Designer & Copywriter • Jan 2019 to Nov 2019

#### @ Northwest Polite Society

Concept and design multiple marketing projects at a time, working with both small businesses and big corporations.

Communicate closely with clients directly to ensure goals are met with each design deliverable.
